## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-32 are allowed.

The following is an examiner's statement of reasons for allowance:

The reference (s) of record do not teach or suggest, either singularly or in combination at least the limitation of "a driver circuit positioned between the first pixel portion and the second pixel portion; and a sealing material surrounding the first pixel portion, the second pixel portion and the driver circuit, wherein each of the plurality of first pixels comprises a first light emitting element; wherein each of the plurality of second pixels comprises a second light emitting element; and wherein a direction of light emission of the first light emitting element is opposite to a direction of light emission of the second light emitting element" for claims 1 and 15, "a driver circuit positioned between the first pixel portion and the second pixel portion; and sealing material surrounding the first pixel portion, the second pixel portion, and the driver circuit, wherein each of the plurality of first pixels comprises a first light emitting element which emits light from a surface of the substrate in a direction from a back of the substrate to the surface of the substrate; and wherein each of the plurality of second pixels comprises a second light emitting element which emits light from the back of the substrate in a direction from the surface of the substrate to the back of the substrate" for claim 8 "; "a driver circuit positioned between the first pixel portion and the second pixel
